Dear Patient:

In accordance with the guideline from the American College of Obstetrics and Gynecology, all pregnant patients are being screened for hepatitis B antigen. This is to protect your infant as well as your family and yourself from the problems of this potentially lethal disease. In addition to screening all pregnant women, those that are at high risk may need further evaluation and/or treatment. Please read over the following list of possible high-risk groups. If you are a member of any of these groups, please indicate by checking in front of the appropriate statement.

- ☐ Asian, Pacific Island or Alaskan Eskimo descent, whether born in the Unites State or elsewhere
- ☐ Born in Haiti or Sub-Saharan Africa
- ☐ Work in a healthcare or public safety field
- ☐ Acute or chronic liver disease
- ☐ Work or reside in an institution for the mentally handicapped
- ☐ Work or treatment in a hemodialysis unit
- ☐ Rejection as a blood donor
- ☐ Blood transfusion on repeated occasions
- ☐ Frequent occupational exposure to blood in medical-dental settings
- ☐ Household contact with HBV carrier or hemodialysis patient
- ☐ Multiple episodes of sexually transmitted diseases
- ☐ Percutaneous use of illicit drugs
- ☐ None of the above

Sonogram Policy

Our physicians only schedule sonograms for our patients that they feel are medically necessary. one routine sonogram will be done at 24 weeks of pregnancy. Most, if not all insurance companies pay for medically necessary sonograms. However, the occasion may arise when a patient desires a sonogram to determine the sex of the baby or for other reasons that may not be medically necessary. In such a case, the physician will perform the sonogram for the patient but will ask that the patient pay for the procedure in advance. Thank you for your cooperation.

The HIV Antibody Blood Test

Disclosure Consent and Release of Liability

The purpose of this form is to document that I or my physician has requested that my blood be tested to detect whether or not I have antibodies in my blood to the HIV virus, which may be a causative agent of Acquired Immune Deficiency Syndrome (AIDS). I understand that the test is new and its accuracy and reliability are still uncertain and that the test results may in some cases, indicate that a person has antibodies to the virus when the person does not (false positive) or the test may fail to detect that a person has the virus (false negative). I also understand that a positive blood test does not mean that I have AIDS. I understand that no warranty and no guarantee has been made to me as to the results of this test. I voluntarily request and consent to the administration of the test. The confidentiality of my medical records will be maintained. However, my physician or other health care providers, representatives of federal, state and local governmental agencies may ask to see the results for medical or scientific reasons or the results could be released by court order. Further, insurance companies and other third party payors may request these results if reimbursement is requested for the test from these third party sources. I hereby release Dr. Fong, agents, and medical staff from responsibility and consequences resulting from the administration of the test.

Disability & FMLA Fee Schedule

Dr. David Fong charges an administrative fee for the completion of certain work-related documents presented by patients. These documents include Disability Insurance Benefits Forms, Family and Medical Leave Act (FMLA) forms and return to work forms.

Typically, your employer or insurance company requires these forms when a medical condition prevents you from reporting to work. A licensed medical professional must sign these documents verifying that the information is correct. In the event that you need Dr. David Fong to complete one or more of these forms, we will be happy to assist you. The fee for this service is $30.00 per patient.

Please follow these steps to ensure the timely completion of your forms:

- Obtain a copy of the forms from your employer or insurance company.
- Complete and sign all parts of the form that are to be completed by the employee.
- Mail or drop off the form(s) at our office and pay the required fee either in person, by credit card over the phone or you may also mail a check.
- Please allow 10 business days for the completion. We will notify you as soon as your forms are available for pick up.

By signing below, I state that I have read and understand all office protocol for disability and FMLA forms.

General Consent for Treatment

General consent to Treatment: By signing below, I, (or my authorized representative on my behalf) authorize Dr. David Fong and his staff to conduct any diagnostic examinations, tests, and procedures deemed necessary in my care. I authorize the provision of any medications, treatment or therapy necessary to effectively assess and maintain my health or diagnose and treat my illness or injury. I understand that it is the responsibility of Dr. Fong to explain the rationale for diagnostic tests or procedures, the available treatment options, common risks and benefits or procedures, and alternative treatment options.

Right to Refuse Treatment: In giving my general consent to treatment, I understand that I retain the right to refuse any particular examination, test, procedure, treatment, therapy or medication recommended by Dr. Fong. I also understand that the practice of medicine is not an exact science and no guarantees have been made regarding the results of my evaluation and/or treatment.

Cancellation Policy / No Show Policy
For Doctor Appointments and Surgery

1. *Cancellation / No Show Policy for Doctor Appointment*

We understand that there are times when you must miss an appointment due to emergencies or obligations for work or family. However, when you do not call to cancel an appointment, you may be preventing another patient from getting much needed treatment. Conversely, the situation may arise when another patient fails to cancel and we are unable to schedule you for a visit, due to a seemingly "full" appointment book.
If an appointment is not cancelled at least 24 hours in advance, you will be charged a $50 fee; this will not be covered by your insurance company.

2. *Scheduled Appointments*

We understand delays can happen; however, we must try to keep the other patients and Dr. Fong on time.
If a patient is 15 minutes past their scheduled time, we have the right to reschedule the appointment.
Similarly, we try our best to stay on schedule, although emergencies sometimes arise. If we are significantly delayed, or Dr. Fong needs to leave unexpectedly due to surgery or delivery, we will try to notify you beforehand.
Please assist us by being on time for your appointment.

3. *Cancellation / No Show Policy for Surgery*

Due to the large block of time needed for surgery, last minute cancellations can cause problems and added expense for the office. If surgery is not cancelled at least 10 days in advance, you will be charged a $75 fee. This will not be covered by your insurance company.

4. *Account Balances*

We will require that patients with self-pay balances to pay their account balances to zero prior to receiving further services by our practice.
Patients who have questions about their bills or who would like to discuss a payment plan option may call and ask to speak to a business office representative with whom they can review their account and concerns.
Patients with balances over $100 must make payment arrangements prior to future appointments being made.
